

EZIDKHAN CARE NAVIGATION Program Referral Form

This program is a free service funded by the Hunter New England Central Coast Primary Healthcare Network aimed at assisting Humanitarian Entrants from the Armidale Ezidi community. The service will provide targeted assistance to clients facing barriers in understanding and navigating the Australian healthcare system, and will work to empower clients by building capacity and developing self-management skills.

Clients referred under this program are those that would benefit from short-term interventions. HealthWISE referrals to this program are to include a GP Health Summary. This service is provided in Armidale.
